

## Wonky Block

Judy Milam I- dont know the name of the pattern but i can tell you how I made that block.

1. Center square is cut 7.5".
2. Strips are cut 3" x 15" and then cut diagonally from corner to corner.
3. Sew black and white strip to colored strip.
4. Attach a strip set to one side BUT only sew seam partially. Also scoot the strip up to be cut off straight on top after sewn.
5. Sew strips clockwise and then finish your partial seam.
6. Square block to 12.5".
